

TRIPLE CREEK PUPPIES

We have a litter of seven beautiful puppies born on 8/1/26: 4 males and 3 females.

The dam is our Raven (CH Triple Creek Blue Raven). We decided to use two sires for this litter: our boy Tylar (CH Reidwood Triple Creek Tylar) and our boy Jack (CH Esquire Just Jack of Triple Creek). Tylar was a natural breeding, and we used frozen semen from Jack, since Jack has been gone a few years now. Once we get the DNA results back from AKC, we'll know which puppy has either Tylar or Jack as their dad.

The pups had their dewclaws removed, were microchipped, had their hearing BAER certified, and will be wormed and vaccinated before they go to their new homes.

We have been posting new photos of the pups by every Monday evening so that you can watch the pups grow! This will be our last week of posting photos, since the puppies will be going to their new homes next Saturday. Here are the pups on 9/19/26 at seven weeks old. They are getting more and more color!

Since these pups were born in the middle of summer, the names under their photos are temporary Summer Vacation Destination-theme names until their new owners pick their own names. All puppies are currently spoken for, and we've chosen Paris as our puppy to keep.

Paris – our keeper puppy (blue female)

Venice (orange female)

Riviera (orange female)

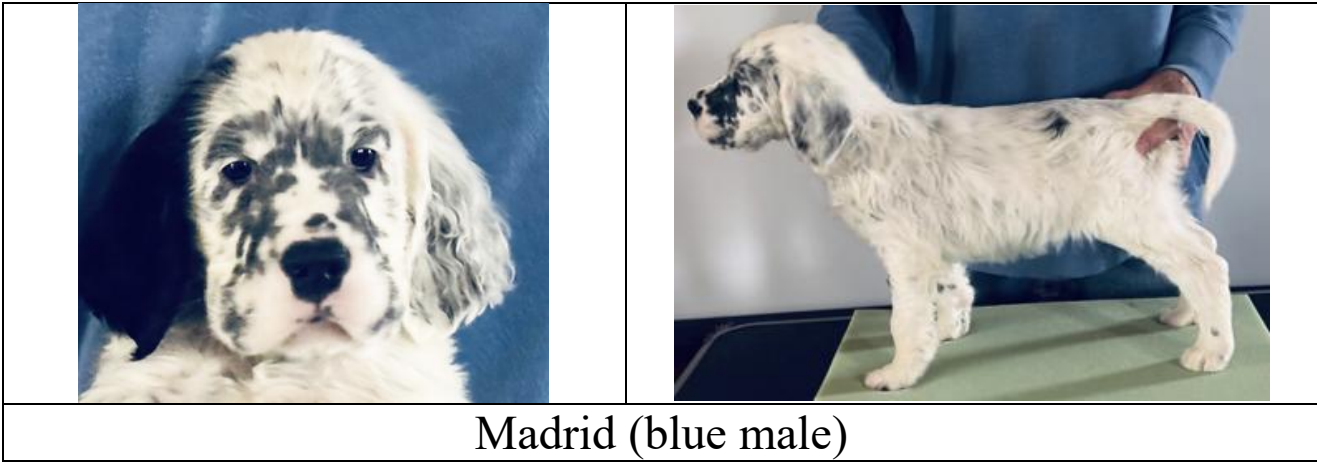

Sydney (orange male)

Panama (blue male)

Vegas (blue male)
