

TRIPLE CREEK PUPPIES

We have a litter of nine beautiful puppies born on 2/7/22---5 males and 4 females. Their sire is Maverick (GCHS CH Seamrog Spitfire) and the dam is Pearl (CH Reidwood Trplcreek Black Pearl). Both parents have their hips and elbows OFA certified, have been Brucellosis tested, had their hearing BAER certified as normal, and are current in their vaccinations.

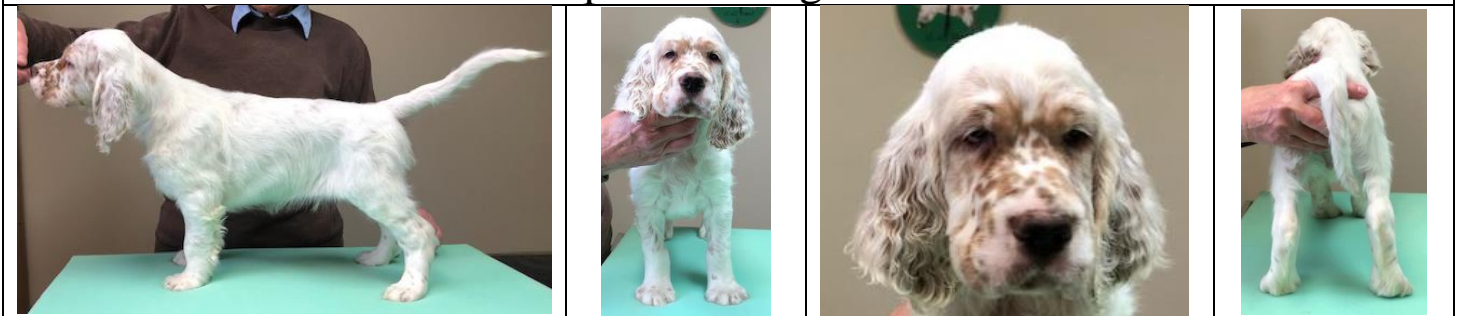

The pups had their dewclaws removed and are microchipped, had their hearing BAER certified (all of the pups have normal hearing!), and have been wormed and vaccinated.

Since the pups start going to their new homes on April 4 when they are 8 weeks old, here are the pups on 4/3/22, one day before they are 8 weeks old. This will be the last photos of the pups.

Since these pups were born so close to Valentine's Day, the names under their photos are temporary Valentine's Day-themed names until their new owners pick their own names. They are getting more color now, and will get even more color each week now.
